G) SBORO N C., AUG. 25, 1892 DEMOCRATIC PLATFORM.

The following is the State Democratic platform as enunciated by the State Convention in assembly

May 18th: Resolved, 1. That the Democal racy of North Carolina reaffirm the to that Omaha platform that you all principles of the Democratic party, both State and National, and particularly favor the free coinage of silver and an increase of the currency, and the repeal of the internal revenue system. And we denounce the McKinley tariff bill as unjust to the consumers of the country, and leading to the formation of trusts, combines and monopolies which have oppressed the people; the unnecessary and cotton ties and on tin, so largely used by the poorer portion of the people. We likewise denounce the iniquitous Force bill, which is not yet abandoned by the Republican party, but is being used as a measure to be adopted as soon as of like ilk were among that body. they gain control of the House of Representatives, the purpose and and asstional animosities.

2. That we demand financial reform, and the enactment of laws law of party organization, yiz: that will remove the burdens of the No person holding any office or people relative to the existing agreement position of profit, trust or emol-ricultural depression, and do full ument under the federal or any State and ample justice to the farmers and laborers of our country.

3. That we demand the abolition of national banks, and the substituting of legal tender Treastry notes, issued in sufficient volume to do the business of the country on a cash system, regulating the amount needed on a per capita bas sis as the business interests of the country expand, and that all money issued by the government shall be legal tender in payment of debts, both public and private.

4. That we demand that Congress shall pass such laws as shall futures of all agricultural and me- ple's party held in Sampson county? chanical productions, provide such a stringent system of procedure in trials as shall secure prompt concompliance with the law,

unlimited coinage of silver.

6. That we demand the passage of laws prohibiting the alien own of land and that Congress of no party?—Echo answers "None!!" ership of land, and that Congress take early steps to devise, some plan to obtain all lands now owned by alien and foreign syndicates; and that all lands now held by railroads and other corporations, in excess of such as is actually needed by them, be reclaimed by the government and held for actual settlers only.

7. Believing in the doctrine or "equal rights to all and special privileges to none," we demand that taxation, National or State, shall not be used to build up one interest or class at the expense of nother. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all revenues. National, State or county, shall be limited to the neccesary expenses of the government, economically and honcatly administered.

8. That Congress issue a sufficurrency to facilitate the exchange through the medium of the United States mail.

9. That the General Assembly pass such laws as will make the public school system more effective that the blessing of education may be extended to all the people of the State alike.

10. That we favor a graduated tax on incomes.
